About This Content

Patrol the streets in an armored SWAT van and respond to multiple emergency situations across Hong Kong. Kit yourself out in a full-bodied SWAT outfit to conceal your identity and withstand twice as much damage. Plow into fugitive vehicles with the armored SWAT van then use it for cover as you take down armed robbers, drug runners, smugglers, and even resolve hostage situations.

DirectX®: 10

Sound: DirectX compatible sound card

English, French, German, Italian, Russian, Polish

Mask is Glitched after a while and swat missions are boring. Crappy missions and you only get the items during the actual missions.....

Skip it.. Thinking in playing a continous side mission shooting bandits and getting rescued hostages would be nice. This DLC is so broken when you can't even get equipped with guns before doing a hostage mission or pursuit cars. Honestly I suggest in not getting this DLC since is so broken there are no good points in adding this to your main campaign. **Year of the Snake is better and suitable to play.. Very buggy, no instruction available for several missions so you have to guess at what you're expected to do. Even if this were free I wouldn't take it because the bugs make it nigh unplayable..**

Sleeping Dogs: The SWAT Pack is DLC for Sleeping Dogs which gives you a new costume and a series of missions to play. The costume includes reduced damage, which is useful in the normal game, but otherwise this DLC is a little lacking. The missions are repetitive and not all that fun to begin with. For the price point, not really worth it.
